Dear Sir who is reading this card,

I just heard that K-Love 89.5 is closing for some reason. It does so much good that persons who hear K-Love have become Christians and it helps me to relax and praise my true God. This station is so sensitive to many people in El Paso because it is so good to all people and because it is the only Christian station that you could praise God. Please don't close K-Love!!!

Sincerely,

Amarellena

To Whom It May Concern:

I just heard that you want to take K-Love 89.5 off the air. I don't know about you, but for me, I like it. I like to listen to Christians songs because they are good and they teach me good lessons. I think it would be an error to take it off the air. It makes people's day clearer and wonderful, and Christians like it very much. It is the only Christian station that we have. There maybe more Christian stations, but you may take them off also. I like K-Love very much, it makes my day more wonderful. Please don't take K-Love off the air because people who aren't Christians might listen and ask Jesus into their hearts

Sincerely,
Carlos Gallardo

To whom it may concern:

I just heard that K-love 89.5 was going to shut down if they don't pay a million dollars for there new stuff they need. K-love does good to the community by talking about the bible to others, prayin for those who need help. K-love is a good service to El Paso becaus more Christians need to be involved with God. When I feel lonely in my room I turn on K-love and listen to it and it makes me feel good that Jesus is all ways with me. When you guys take K-love away what are we Christians supposed to hear about Christian music when we can't hear it, and we have problems we ask K-love for advice. So please don't take K-love away.

Sincerely Yours,
Paulina Calabro

To Whom It May Concern:

I just heard that K-Love is being taken off the air. I am very disappointed to hear this. K-Love is a very good radio station. Taking off K-Love will be a big change to some people's every day lives. K-Love has saved a few people I know, and they would be very unhappy about this. You ~~may~~ may think this is business, but to me it's reality. You do not know how hard it is, knowing that K-Love is going to be taken off. So I hope with all these letters you will actually think of what you're doing or reconsider.

Sincerely,
Samantha Rincon

Dear Gentlemen :

I'm a listener of K-Love 89.5, and I would be very sad if K-Love went off air because they didn't have 1 million dollars worth of equipment. K-Love changed my life. Without K-Love, I wouldn't be a follower of Jesus Christ. I love the music they play on K-Love like Newsboys, Third Day, and many more. Please don't shut off K-Love because without K-Love, I won't be the same way ever again. Please just think of the people who will be without the love of Jesus because you shut down K-Love.

Sincerely,

Nicole Cruz 60

Dear FCC,

I am a 14 year old boy, and I live in the Mattole valley, The town of Honeydew. K-Love is the only positive music I can get out here. If you take K-Love off the air there will be no other christian station that I can get. Has a christian listener it is the only station I have to listen to, and I count on it to get me through my teen age years.

Thank you Michael Dominick

Dear FCC,

I am writing regarding MB Docket No. 04-233. I live in Northern California in a rural area and K-LOVE is an important part of the local community. It ministers to me and my family and friends. I personally support K-LOVE and have really enjoyed their programming. I listen to 103.7 and K-LOVE is one of the very few stations in our area with only one other Christian station. Please don't take our K-LOVE station; it is a positive influence on people in our community of Honeydew/Petrolia. I specifically know an elderly lady who has a small radio and K-LOVE is the only station she gets, and she is ministered to every day by their programming. This ministry is in the public interest because of the encouragement it brings to people who don't get to see people on a regular basis. People who live rurally spend a lot of time at home, and K-LOVE is an important friend to those who tune in and support this station. We live in the United States, and we are thankful that "We the People" have a voice, and I ask that you listen to all the little voices that are expressing concern over ~~losing~~ our K-LOVE station. Please don't give LPFM stations priority over current FM stations. There is value in national or regional FM stations, and I would like my voice heard on this subject. Thank you!

Sincerely,

Mrs. Linn Landry

Re: MB Docket No. 04-233
Objection to Low Power FM

Dear Sir or Madam:

This comment is to register my support for radio station K-LOVE and the services of other similar radio stations – instead of the Low Power FM (LPFM).

It is my understanding LPFM could be given priority over the FM translator service with which I now receive K-LOVE.

I have found that K-LOVE and other similar radio stations serve an important community interest, in that they provide a valuable alternative over listening to other, mainstream radio stations. There are not very many radio stations that play Christian music, especially in comparison to the total number of radio stations. If not for K-LOVE and similar stations, the options available to the listening public would be seriously limited, and an important alternative would be eliminated.

It would be unfair and unreasonable for the FCC to give priority to LPFM stations, which would therefore deprive the listening public of K-LOVE and similar radio stations which provide a valuable public service.

I appreciate your reviewing my comments. Please feel free to contact me with any questions or comments you might have.

Sincerely,

Teresa Pierson

Honorable Sir/Madam,

I am writing in regards to MB Docket No. 04-233. I am very concerned if this proposal is expanded, I will not be able to receive the Christian Station K-LOVE, which we listen to every day. This station is an integral part of my life and the lives of many hundreds of thousands of people all across our great nation. My little girl, Alisha and I start out our morning listening to the music and commentary of John and Sherry Rivers. This is a station that we never have to worry about music with unfit lyrics or d. j.'s that use foul language or nasty "humor". This station is safe and edifies us every day.

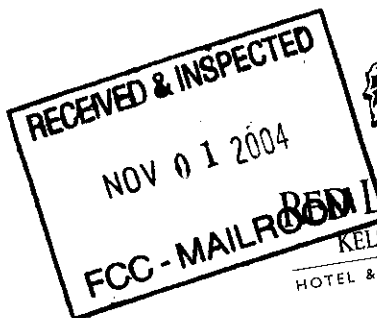

I would very much appreciate that you reconsider allowing the low power FM stations taking over air waves already dedicated to long distance radio. May God bless you richly.

Sincerely,

FCC - MAILROOM

Dear Federal Communications Commission:

I am writing to express my concern about the LPFM broadcast service. I am concerned that the expansion of the LPFM service will interfere with the current translator service K-LOVE that I listen to on 91.3FM.

K-LOVE serves me as a resident of my local community in many ways. It alerts me to local events that my family enjoys attending. The popularity of K-LOVE is such that I can connect with a diverse range of people in my community. K-LOVE provides a connection between "older" and "younger" people by keeping everyone up to date with music that has broad appeal to young people—which will be especially important to me in the future when I want to connect with what my son is listening. I can listen to the K-LOVE broadcast in the car with my children without fear of exposure to obscenity, cynicism, and hopelessness that permeate so much of contemporary music and news.

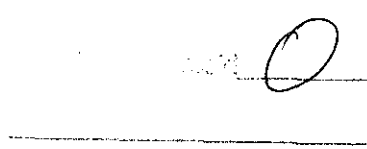

If an LPFM broadcaster providing other programming displaced K-LOVE, the community would lose a valuable source of free advertising for non-profit events that are positive and family-friendly. The youth in this community would lose a major source of music that is free of the negative influences of anger, cynicism, and obscenity.

The service provided by K-LOVE is in the public interest because it is a haven for our citizens who want to escape the negative messages that are pervasive in our society. For those of us who spend many hours in the car each week, positive music and news is an invaluable benefit. And not least is the fact that K-LOVE provides a free and legal way for all citizens to enjoy contemporary music with a positive message. Please protect the translator service in order to preserve the availability of K-LOVE in our local areas.

Sincerely,

Maura Ortiz

RE: "MB Docket No. 04-233"

To Whom It May Concern,

This letter comes in regards to the possible expansion of (LPFM) and its unfavorable effects to a positive and encouraging station K-LOVE. The likelihood that K-LOVE would be forced off of the air, due to the priority given LPFM, is a tragedy. This station offers a moral fiber that this country is in desperate need for.

I have a sincere heart for the efforts of this station and believe it to be a blessing to all listeners. My desire is that it would not be displaced by an LPFM broadcaster, which may provide questionable family friendly programming. K-LOVE is a truly "safe for the whole family" FM station and is greatly needed in our society as it is faced with the issue of declining moral fiber.

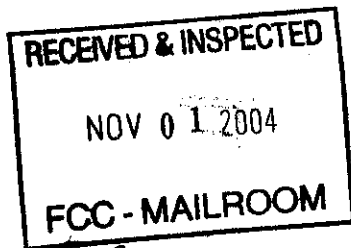

My testimony as to the importance of this station stems intensely from March 26th to this current date of Oct. 25th. Never did I realize the true treasure of this station, which is heard on my local translator of FM 89.5, until the event which occurred on March 26th of this year. You see, this is the date that our 4 year old son was diagnosed with Acute Lymphoblastic Leukemia. Upon diagnosis my husband and I, with our son were immediately air lifted from our local hospital in Montana to the Children's Hospital in Salt Lake City, Utah. For four months my son and I resided in the nearby town of Bountiful while he received out-patient care at the Children's Hospital. We were allowed home for two months during Interim Maintenance but are back in Bountiful until December for Delayed Intensification. Weekly we take the 20 minute drive into Salt Lake for his out-patient treatments. What an absolute blessing it is to receive the same (desperately needed) encouragement from K-LOVE, FM 89.7, Salt Lake City, during our commute. Not only do they offer programming of music that uplifts us both but also healing words of sincere compassion stemming from the living and true word of God. You can be assured that my story is only one of thousands that can testify to the impact made from this one truth over trash station. Instead of this concern over the possible loss of K-LOVE to the air waves, what a more valiant effort would be the expansion of this much needed FM station to a people hurting for love. This truly would be a more honorable fight blessing this One Nation Under God! Thank you for your time.

Sincerely,

There is no fear in love. But perfect love drives out fear... 1 John 4:18

Dear FCC,

KLOVE has been a positive and encouraging radio station for many lost and hurting people.

On Thursday October 21, 2004 my wonderful brother was killed in a car accident. My brother and I loved listening to KLOVE. If KLOVE is replaced with LPFM broadcasters it will be much more difficult for me to deal with the death of my brother. Please don't take away our KLOVE. A radio station that my brother loved.

God Bless You,
Pam Mendez

Re: "MB Docket No. 04-233."

I am writing to address the issue of the expansion of the broadcast system known as (LPFM), and the potential impact it would have in my area, which is close to Denver, Co.

I have listened to and supported K-LOVE (91.1) FM for many years and am truly blessed and uplifted to have such a means of radio available in this area 24/7. I know there are many, perhaps thousands or more people who feel the same way.

If the issue of the LPFM stations is approved by the FCC and the stations are allowed to expand and take priority over K-LOVE, this would in effect remove one of the few Christian stations available here, in this area. This would be very heartbreaking and discouraging.

I know there are many adults who listen to this station, BUT please know there are also many, many young people in their teens as well as small kids in grade school and down who also listen to the positive songs and the message they have.

I have two grandchildren now 5 & 7 years of age and they have been listening to this station and know and sing along with many of the songs. (Is this not better than the influence of some of the trash music out there?) In addition, I frequently hear people call into the station who are not church-goers, who say they accidentally tuned into the station and stayed there in order to hear positive, encouraging music & messages as well as not having to constantly listen to a lot of ads!!

In an age and time when we as citizens know & encourage the importance of family music, programs with higher moral standards, and influences on all of us that help to further these goals,,, I would ask you-the FCC- PLEASE, don't make FM stations that promote these values & goals take a 2nd seat in the list of programming priorities!!! This station CONSTANTLY brings to the public listeners what we so desperately need.

Very sincerely

Katherine DeWald

RE: MB Docket No. 04-233

We feel that K-Love is the best service to the community I will being that there could be. K-Love is a very uplifting broadcast. So ~~many~~ many are helped by the good songs that are played. The moments of prayer & the good natured stories.

This station reports the good news that the others channels omit.

Please keep the FM signal strong for the good of the community.

Thank you,
Kathy Morgan
1331 Hwy 192
Somerset Ky 40501

would be a devastating loss to our community if it were to be replaced by an LPFM broadcaster. K-LOVE is so positive for the children, teens and families of our community, and the only station of its kind in our area. K-LOVE is safe + fun for all ages to listen to and encourages positive values, which affect the people who listen to it in a positive + upbeat way. I can't imagine not having K-LOVE to listen to. Thank you for your attention to this matter!

Sincerely,

The Paul Bartlett Family —
Paul, Eileen, Amanda, Wesley

Dear FCC,

Please Consider keeping KLOVE
On a National Frequency. It is comforting
to be able to tune in to a Station when
traveling. This Station promotes
Community & Peace. The Constitution
promotes Freedom of Religion not Front!
Other Stations have monopolies
on air waves ex. Clear Channel,
Cable & Time Warner etc.

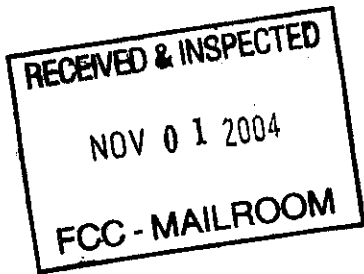

Respectfully

Dianne Hans

DOCKET # 04-233

1/ Ref: "MB Docket # 04-233"

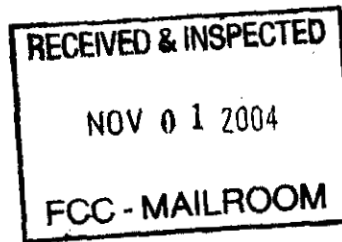

To Whom It May Concern:

I am writing in regard to the matter of proposed expansion of "K-Love" stations (I received a letter from K-Love Radio Network a few days ago concerning this.) I listen to "K-Love" on 106.7 FM and keep my car radio on this station.

I support this "family-friendly" programming both financially, with monthly pledge and in prayer also. I wholeheartedly support their wholesome values with positive and encouraging impact on our local community. Proposed changes could possibly promote less desirable influences on the communities locally and nationally (in not promoting wholesome values.)

I sincerely believe that the service which "K-Love" provides is definitely in the public interest which influences persons of all ages in their daily lives. I will also be praying about this matter.

Sincerely,
Carolyn Wheeler
